

DCL182 18V VACUUM CLEANER KIT

Technical Specifications

Dust Capacity: Cloth dust bag:	500 ml
Dust Capacity: Paper dust bag:	330 ml
Battery Type:	Lithium-ion
Voltage:	18 v
Max Airflow:	1.4 m ³ /min
Max Sealed Suction:	4.0 kPa
Suction Power Low / High:	11 / 30 W
Net weight:	1.3 kg

Included in the Offer

- 1 x DCL 182 compact cordless vacuum cleaner (includes nozzle, straight pipe, sash nozzle, cloth bag and 5 dust bags).
- 2 x 5 amp slide-on batteries with unbeatable 45 minute charge time and longer battery life.
- 1 x single-port charger

DCL182

18V VACUUM CLEANER KIT

Features

VACUUM CLEANER

- LED battery power warning lamp.
- Simply by pushing a button you can open the front cover for easy dust bag change.
- Touch button switch with High/Low suction power settings.
- Ergonomic soft grip.
- Accepts disposable paper dust bag as well as cloth dust bag.
- 33 minute run-time in high mode, and 66 minute run-time on low mode with 5.0Ah battery.

BATTERY 18V LI-ION

- Unbeatable 45 minute charge time.
- Lightweight battery.
- Longer run time and battery life.

MAKITA SINGLE PORT 18V CHARGER

- 45 minute charge time.
- Built-in CPU - gathers information from the battery's memory chip to determine optimum charging method.
- Forced air cooling fan - cools the battery to minimise charging time.
- Digital power display identifies the condition of the battery and charging condition.
- Makita's 18v & 14v batteries have a built in memory chip that records the battery usage history. While the battery is connected it will transmit the data to the charger.
- A great advantage of Lithium Ion technology is that it provides the user with the possibility to charge the batteries anytime, without any need to wait for their complete power deployment. A great improvement compared to older technologies like Ni-Cad.
